

Health and Safety Services

OHS Transport & Distribution Blue Card

OCTEC
Incorporated

Aligned to the National Competency Standard, TDT F1 97B – “Follow Occupational Health & Safety Procedures” (OHS), BLUECARD has been designed in response to the challenges faced by industry in working toward incorporating national competency standards within the Transport and Distribution Industry.

Qualification:

National Competency Standard TDT F1 97B

Attendance:

Half day (e.g. 9.00am – 1.00pm)

Course Overview:

Designed for heavy vehicle drivers to develop a knowledge and understanding of the OHS Law, procedures, site inductions, hazard reporting and safe work methods.

Course Content:

- ☞ Enabling an understanding of the OHS Act and duty of care
- ☞ Maintaining diligence and understanding for following company procedure
- ☞ How to recognise and report hazards
- ☞ Demonstrating general safety knowledge
- ☞ Ensuring inductions into new or frequently visited workplaces

Course Fees:

\$175.00 per participant

Additional Information:

Morning or afternoon refreshments are provided for courses conducted at OCTEC’s venues along with folders, workbooks, handouts and writing materials as required.
